I don't design clothes. I design dreams.

"What you wear is how you present yourself to the world, especially today, when human contacts are so quick. Fashion is instant language." —Muccia Prada

Clothes mean nothing until someone lives in them

"Fashion you can buy, but style you possess. The key to style is learning who you are, which takes years. There's no how-to road map to style. It's about self-expression and, above all, attitude." —Iris Apfel

"Fashion is part of the daily air and it changes all the time, with all the events. You can even see the approaching of a revolution in clothes. You can see and feel everything in clothes."

—Diana Vreeland

"Don't be into trends. Don't make fashion own you, but you decide what you are, what you want to express by the way you dress and the way to live."

—Gianni Versace
